

Animal Tracks & Scat

Often you don't actually see an animal in a certain location, but you know it has been there because of what it has left behind - tracks or scat. Below are some animal tracks of animals at the Brandywine Zoo. Write the number of the animal that you think made the tracks next to the name. Choose from the following animals:

_____ Bobcat _____ Cougar _____ Gray Fox _____ Merganser _____ Tiger
 _____ Otter _____ Red Fox _____ Mallard Duck _____ Turtle

There is another way you can tell if an animal has been in a certain area - you find its scat. Try to match the Brandywine Zoo animal with the pictures of the scat below. Choose from these animals: bobcat, cougar and otter.
