

Compare and Contrast

NGSS 2-LS4-1

Choose 2 different animals in the zoo. Circle your observations for the first animal. Does this animal have fur, feathers, or scales? A long tail or beak? Then, circle your observations for the second animal. Use the venn diagram to write how the animals are different and how they are the same.

Animal 1:

Fur | Feathers | Scales

Long Tail | Short Tail | No Tail

Beak | Snout | Mouth

Big | Medium | Small

Animal 2:

Fur | Feathers | Scales

Long Tail | Short Tail | No Tail

Beak | Snout | Mouth

Big | Medium | Small

Animal 1

Animal 2
